

# Social Contract Project Titanic DAT255 2017

- This contract applies to all members in the group 'Project Titanic'.
- Mandatory meetings are to be informed about in the group chat channel at least 10 hours before the appointment, in order to be classed as mandatory.
- All group members are responsible for planning the work in a way that leads to an even work load.
- If a group member is not available for a meeting/session, the person must work an equal amount of time to compensate for not attending the meeting/session and present the work for the group at the next session. The same clause applies for leaving an appointment early or if a person is more than 30 minutes late to an appointment.
- If a group member is late to a meeting, he/she must contribute with 1 SEK per minute he/she is late, to a so called 'Fika-kassa' which is to be used to buy. The contribution per person and session is 30 SEK.
- Transparency and asking for help is to strive for by every member in the project. And each member has the responsibility for creating a climate that fosters this.
- On individual level, each group member should allocate no more than, and no less than, 20 hours a week for the project.
